(Not all dogs are friendly.) Like yours. If I am around we may be able to see some of the dogs.

Please help reduce noise and stress in the kennel & to the neighborhood

_____ When dropping off your dog for boarding please say your good byes out in the exercise area. Use a leash and take them to their run. Same thing at pick up say your hello's back out in the kennel exercise area. This will reduce the barking and stress on the other dogs staying in the kennel. (who aren't as lucky as yours to be going home)

_____ Kennel agrees to exercise due and reasonable care, and to keep the kennel premises sanitary and properly enclosed.

_____ The dog(s) is (are) to be fed properly and regularly, and to be housed in clean, safe quarters.

_____ If dog is left for 7 days after agreed upon pickup day without owner notifying kennel it will be considered an abandoned dog and kennel owner can call the human society to pick the dog up.

_____ I acknowledge the risks of communal boarding. Dogs together in a concentrated area may result in spreading of illnesses such as kennel cough. No vaccine is 100% effective against any illness.

_____ For the safety of your dog and others please no choke or pinch collars. Buckle collars with identification tags are permitted.

_____ Be aware that pets especially older pets, are placed under a great deal of stress due to the removal from their normal and comfortable home environment. This stress can cause latent (dormant) physical conditions (such as heart, liver and kidney disorders) to become active or compromise the immune system resulting in illness such as diarrhea, kennel cough, depression, nervousness, dehydration or even death.

_____ Kennel is not responsible for items brought along with your pet(s) like blankets, beds, toys, etc. So if you bring items from home with your pet, be sure they are expendable. Some toys and chewies are not safe when unsupervised (ex: rawhides are a choking hazard). For the safety of your pet and others kenneling bring along safe toys.
